ABOUT US

Help you can let into your home

Don't Cook Don't Clean helps Patna households find maids, cooks, babysitters and elder-care helpers they can trust. Every helper is verified before we recommend them.

We are built for how Patna families live: joint families, working couples, and homes from Boring Road to Kankarbagh. Once a helper joins, we stay reachable. If something isn't working, we arrange a replacement so you never start over alone.
